Or phone 905-649-1342

## October Events

**Theory sessions**– In this month's theory sessions students will learn the requirements for their Equine Canada rider level. We will also review all levels through a question and answer scavenger hunt.

**Halloween Stall Decorating**– Back by popular demand.... Students get to decorate a horse's stall and make our school barn into this year's 'Haunted Barn Mansion'

**Journal Club**- Students will be facilitated on goal setting, how to overcome road blocks and learn how to analyze their performance. Journals will be passed from student/parent to coach throughout the year to use as the communication on their performance.

**Practice Ride**– Students will get the opportunity to ride for one hour supervised but without instruction. We will provide arena rules and exercises to work on. Students that are in the Journal Club will be given specific exercises to help them with their goals.

**Gymkhana & BBQ**– Students will play games on horseback. Prizes will be given out to winners. To be followed by a BBQ.
