

Long Term Equestrian Development

Our mission is to develop students using fundamental tools from the Equestrian LTED (Long Term Equestrian Development) as developed by the Coaching Association of Canada in partnership with Equestrian Canada.

We are dedicated to the principles of LTED. Our program is designed with each rider's physical, mental and emotional stages of learning in mind. All saddles are equipped with safety stirrups and all tack is well maintained. Our Riding School horses are well-trained, safe and reliable.
